

Towards a Better Life

Exploring Social Role Valorisation (SRV) with regard to
People who are marginalised

Thursday 13th and Friday 14th February 2020
Robina, Gold Coast - Queensland

www.cru.org.au

About the workshop:

SRV helps to explain why people with disability are highly vulnerable to being excluded from everyday life.

While this rich framework explores *how* people are marginalised, importantly it also offers strategies to address these processes and increase the chances of people with disabilities to belong to, and contribute in our community.

In this interactive workshop the core themes and principles of SRV will be explored through presentations and discussion.

Who should attend?

The messages of SRV apply to all people engaged in the lives of people with disabilities.

This workshop has been very useful to people with disabilities and their families and also support workers and others working in the sector.

On completing this course, you may be interested in deepening your understanding by attending the practicum PASSING, run by Values in Action Association Inc.
