

## **School To Work** for Secondary Students with Disability

# Discover Micro Enterprise - Exploring Possibilities

A career option to consider for people with disability

Join us for a face-to-face day dedicated to discovering more about Micro-Enterprises. We will cover how to establish a Micro Enterprise, why it can be a wonderful career option, and share stories about Enterprise Owners and their businesses.

#### What to expect

Session 1: Introducing Micro Enterprise 9:30am - 12:30pm

This introduction presentation will explore:

- The significance of having valued roles and contributing to your community
- The importance of work in all our lives
- The positive change in people's lives from owning an enterprise
- How NDIS funding can support this option

Who should attend? Open to all - Families and workers.

#### Session 2: Practical Workshop 1pm - 3pm

This workshop session is for people who are ready to explore how a micro enterprise could work for them. We will take a deeper dive into exploring your ideas and passions as the first step and 'discovery' of the possibilities.

Who should attend? This workshop is specifically for people with disability, their family and allies.

\*Attendance at the morning session is a prerequisite to attending the afternoon session.

#### **About the Presenter**

Helen Neale works for community Living Project (CLP) in SA as the Project Lead of a 4-year ILC Grant called "Discover Micro Enterprise - Exploring Possibilities". Helens' son, Tom, owns a small business known as Ground Control by Major Tom. Helen is passionate about inspiring people with disability to have high expectations about careers and work.

The project is being provided as part of the Community Inclusion Capacity Development program through The Department of Social Services.
