

My Vision for My Life After School

Name :

What I enjoy most at school and in my spare time: my interests, favourite subjects and activities, hobbies.

What I'm good at already: my gifts, strengths and talents....

Do I have interests and strengths that match up? If so, write them here...

Jobs I want to learn about: things I want to learn how to do; ideas I have of what I want to do after school

Activities, situations and environments that I know I don't like; jobs I definitely don't want....
