## Description

Inclusion in the regular local school of children with disability has been possible for decades. It is a human right; supported by evidence and supported by Queensland's Inclusive Education policy. But achieving inclusion for all children is still not simple and straightforward! The role of a parent in working with their child's school for good inclusion is crucial.

This workshop will cover:

- Knowing your child's gifts and setting a vision for inclusion success
- Embracing your role as an advocate
- What authentic inclusion in the regular class looks like
- Education laws, policies and supports
- Speaking positively and confidently to work collaboratively with the school
- Advocacy tips to stay strong and effective
