### Description

Everyone can work! Having a job is an important part of a good life. It allows us to earn a living, meet people, use our skills and learn new ones.

This workshop is for people with disability who want to work in open employment but have found that the traditional pathways don't always lead to the jobs you want.

### At this workshop you will:

- Learn how to come up with job ideas based on what you are good at and interested in.
- Work out the things that will set you up to do well in a job.
- Hear about different and creative ways to find meaningful jobs.
- Bring all the parts together and figure out your next steps.
