Expanding Ideas; Creating Change

Online discussion

Employment Peer Discussion

Online session

6pm – 7.30pm | Wednesday 11 March

Online discussion

Description

Do you have work or career goals?

Customised Employment and Microenterprises are creative and effective ways for people with disability to find meaningful employment.

If you are a person with disability or family member using or interested in these approaches, connecting with other people can help you to stay on track and share ideas.

For adults with disability and their families, join us online for a peer conversation facilitated by Nellie Godwin-Welch from CRU.

Nellie has extensive knowledge and experience around supporting people with disabilities and families in finding and maintaining meaningful employment.

Tickets There is no cost to attend.

RSVP: Thursday 5th March
